Invitation

Victor Stamov Memorial - VSM Sunrise Flying

Depending on the weather conditions
- it should be calm at the sunrise -
will be possible, to fly

VSM flying session in Tapolca.

on October, 24/ 25 or 26th 2014 - 7 a.m.

VSM as a brief overview:

VSM is not taking place as usual day contest with thermal picking to fly a Max, where you have to drive to a World Cup far away to a flying field to compare with the best, but in **VSM** everybody decide individually, when, where and how often he fly in the morning straight after the sunrise in dead air without thermal assistance, to measure only **glide performance** of your model and in case of **available altimeter**, also the glide rate. **VSM** will be a self running contest with online registration and online results/ data entering and you can be fly **several times** between July, 1st 2014 and June, 30th 2015. More details: www.vsmsunrise.org or <https://www.facebook.com/groups/VSMsunrise/>

- You go out alone or with friends together with a timekeeper at any morning to any field and make **5** (minimum 4) **unlimited flights** in dead, calm air **to the ground** beginning at sunrise until latest 2 hours after sunrise. Also **special sunrise contests** are possible and can be offered separate or the day before / after other contests.
- **highest** and **lowest time** will be **cancelled** and average of **remaining 3** will be the result
- in **case of only 4 flights**, the not flown flight will be cancelled as **0 of lowest time**
- **for the best 10, minimum 10% flyers** the average of 2 results flown on different field, otherwise best results will be taken in the total ranking
- You can fly in „normal“ **classes F1A, B, C, Q, G, H, P-30** or in **innovative VSM classes** with usual models, but small restrictions to fly also on smaller fields with lower performance.
 - **F1A-50 or F1H-50** -> launch with 50m line without gaining height by acceleration
 - **F1B-E** -> rubber models without variable pitch propeller
 - **F1Q-3** -> start of a F1Q model with energy of max 3 Joule/ sec (regular 5 Joule/sec)
- Online registration, enter flying results and mandatory data + some on volunteer basis
- Transfer of **vsm** fee 2€ in European SEPA states by bank transfer (cost you no extra fee) or 2,5€ by PAYPAL (*incl. PAYPAL fee at receiver side!*)
- **Results** and **ranking** will be found online under www.vsmsunrise.org/Results .
